*Choose your level of sponsorship by your preferred aircraft type and class, and secure your Business's place at the premier economic development event of Northwest Atlanta, and Paulding County for 2010!*

Mr. Blake Swafford

22 Mar 10

Airport Director, Paulding County Regional Airport

Dallas, GA. 30132

Dear Guests and Event Sponsors,

Please allow me to offer you a heartfelt welcome from The Paulding County Airport Authority, The Paulding County Airport Staff, and Opening Ceremonies Committee, but most importantly from the great citizens of Paulding County! We are very proud to have you as our guest, participant, and most importantly key event sponsor during this historic event for the state of Georgia, since this opening of the new Terminal Building at the newest airport in the state of Georgia has not occurred in over 35 years!

The Paulding Northwest Atlanta Airport, FAA designation KPUJ, is destined to become the next cornerstone in Atlanta area industrial economics, as an up and coming and very strategically positioned economic development area. Our position relating to downtown Atlanta, our facilities including a 5500 ft concrete runway complete with two precision approaches and GPS/RNAV capability will help to ensure the highest degree of customer reliability for the corporations who are so fortunate to base their operations here. Also, as we grow our industrial economic base, so will the many jobs we'll be offering back to the home communities of Paulding County, and the residents of Dallas, GA., and Hiram, GA, as well as many other commutable neighboring cities and communities.

We sincerely hope you will consider joining our distinguished list of event sponsors for this historical grand opening, and we look forward to spending time with you during our official opening ceremonies this Spring, as well as sharing the latest in exciting news about KPUJ and what we will be doing for all of the Atlanta metropolitan area, once we are officially open, May 1<sup>st</sup>, 2010. My Safety Committee Chairman, and Aviation Advisor, Mr. Kerry Tidmore, along with my Opening Ceremonies Committee personnel would like to present you with the following sponsorship opportunities contained within this packet. Please do not hesitate to let us know if there's anything at all we may do to make your potential cooperation in our Terminal Grand Opening Ceremonies / Airport Open House and Aviation Education Day more of a rewarding experience for you and your business!

Sincerely,

//signed//

Blake Swafford

Each level of sponsorship and partnering investment below represents different aircraft that you will see operating out of the Paulding Northwest Atlanta Airport in the very near future. Choose your aircraft type and level of commitment based on your preferred class of service that you would like to represent for all future customers and business leaders of the metropolitan Atlanta area. Read about each aircraft below, and choose your level of sponsorship :

- *Cirrus SR-22 – The SR-22 is a 21st Century leading edge single engine general aviation aircraft. It encompasses the absolute finest in glass cockpit, FMS and EFIS avionics and navigational equipment, has a powerful IO-570 Lycoming 4-cylinder fuel injected power plant, plus is in a class all by itself with the addition of a one of a kind airframe parachute safety system designed to protect the lives of crew and passengers in the event of a catastrophic emergency situation.*
- *Cirrus level sponsors will receive :*
- *a VIP , behind the scenes tour of all airport facilities to include all aircraft on display for Saturday’s opening ceremonies, plus a “first-look” tour of the new terminal building by an airport authority staff mbr.*
- *Prominent location on opening ceremonies day for business advertising.*
- *Vendor privileges which will clearly identify them as a key contributor of the historic event for the State of Georgia, the metropolitan Atlanta area, and the community of Paulding and all neighboring Counties.*
- .....\$1500

- **Beechcraft King Air 350i – The King of Innovation !** As Hawker/Beech’s greenest business aircraft, the King Air 350i has unmatched fuel efficiency and low operating costs. With class-leading capabilities and efficiency, the next-generation King Air 350i is **the responsible, sustainable alternative** that business aviation has been waiting for. The King Air 350i can take more passengers farther on less fuel for **consistent savings** for your business. King Air 350i will show you why **pilots, companies and governments in 105 countries** have trusted more than 6,500 King Airs over the years – more than any other business aircraft.
- *Sponsors at this level definitely step up to a new class of service and will enjoy their King Air experience by receiving:*
- *a VIP dinner invitation for two at the black-tie Opening Ceremonies Gala, Friday evening before the opening ceremonies on May 1<sup>st</sup>*
- *A VIP private tour of the new terminal building led personally by the Airport Director prior to it’s official opening.*
- *King Air level sponsors will be given a prominent location on the Airport grounds to advertise and/or sell their Business, which will clearly indicate their partnership with the newest and fastest growing economic development endeavor in the Northwest Atlanta area.*
- *A VIP private tour of the American Champion Citabria, aerobatic aircraft, which Kerry Tidmore, Professional Pilot and Airport Authority Committee member will fly a performance in that day!*
- *Finally, King Air sponsors will receive media attention on opening ceremonies day and will be clearly identified as a key contributor of the historic event for the State of Georgia, the metropolitan Atlanta area, and the community of Paulding and all neighboring Counties*
- .....\$2500

- **Gulfstream, G500** -- At Mach 0.85, the versatile G500 will carry an eight-person management team 5,100 nautical miles in record time. The G500 was designed with productivity and comfort in mind. The airplane's roomy cabin features up to four distinct living areas, three separate temperature zones and a choice of available configurations that seat up to 18 passengers. We built the first airplane designed expressly for business travel more than 50 years ago. We set the standard then, and we continue to set the standard even higher today!
- *Our most prestigious level of sponsorship will feel like First-Class Jet Service to the most sought after evening event of 2010 for Northwest Atlanta as you enjoy:*
- *A gourmet meal for two at the black-tie Opening Ceremonies Gala, Friday evening, April 30<sup>th</sup>.*
- *Executive Limousine Transportation to and from the dinner from any Paulding County location, plus VIP seating for the event along side the Airport Director/Airport Authority Chairman, as well as key Federal, State and Local level political leaders.*
- *A VIP aerobatic thrill ride in an American Champion, fully aerobatic aircraft, with Professional Pilot, and Airport Authority Safety Committee Chairman, Kerry Tidmore, at the controls. You'll get a chance to experience first-hand the thrill and true freedom of flight that ONLY aerobatic and air show pilots experience, and you'll even get to personally take the controls!!*
- *A prominent location on the Airport grounds to advertise/sell their Business, which will clearly indicate their partnership with the newest and fastest growing economic development endeavor in the Northwest Atlanta area.*
- *HEADLINE media attention on opening ceremonies day and will be clearly identified as a Major contributor of the historic event for the State of Georgia, the metropolitan Atlanta area, and the community of Paulding and all neighboring Counties.*
- .....\$3500
