

ADDENDUM #2

Date of Addendum: **May 8, 2023**

NOTICE TO ALL BIDDERS AND PLANHOLDERS

The Contract Documents for the above-referenced Project are modified as set forth in this Addendum. The original Contract Documents and any previously issued addenda remain in full force and effect, except as modified by this Addendum, which is hereby made part of the Contract Documents. Bidder shall take this Addendum into consideration when preparing and submitting a bid and shall acknowledge receipt of this Addendum in the space provided on the **Bid Form on Page B-6**.

BID SUBMITTAL DEADLINE

The bid submittal deadline remains **Friday, May 12, 2023 at 10:00 AM (Local Time)**.

3.0 – QUESTIONS AND ANSWERS

The following questions and answers are provided as a matter of information to clarify issues raised about the Contract Documents. To the extent that changes to the Contract Documents are required based on the questions received, the Contract Documents have been modified as noted above in the Specifications and Drawings sections of this Addendum.

Item	Questions and Answers
3.1	<p>Question: On the section for Unclassified Excavation, this is referring to the hill that is to be taken out with the “unknown amount of rock”, correct? As it has a number of 140,000 Cubic Yards next to it. However, when doing a takeoff of the materials on the hill it does not equal that. Any possible way you can confirm that this number is for the hill that is to be removed for the hangar areas?</p> <p>Answer: The location of cut material for the project is in the proposed taxilanes location which is the existing hill to the north of the terminal building. The quantity listed in Addendum No. 1 Bid Schedule for P-152 Unclassified Excavation (140,000 CU YD) is the quantity to be used for all bids. Please note that the quantity unit is cubic yards for this pay item. The geotechnical report for the project is located in Appendix B of the project manual. The plans also include a soil boring plan sheet as well as list the soil boring logs for the project.</p>

END OF ADDENDUM NO. 2
